October 4, 1999
Date of Certificate

Felicia J. Williams

Response to Restriction Requirement

In response to a Restriction Requirement and Requirement for Election of Species issued August 4, 1999, Applicants elect for prosecution as follows:

Invention Group I, claims 1-17; and

Claims covering the species drawn to the C5a receptor as a target ligand. Claims reading specifically on this species are claims 4, 5, 6, 7, 10, 11, 12, 13, 14, 15, 16 and 17.

Applicants make the foregoing election of species based on the understanding that allowance of the generic claim of Group I will result in allowance of claims covering the non-elected species, specifically, claims 2, 3, 8 and 9.

Applicants cancel claims 18-24, which are the claims covered by non elected invention Groups II and III. This cancellation is made without prejudice, and Applicants reserve the right to file one or more continuing applications on the subject matter of the non-elected claims.

Respectfully submitted,

DANN, DORFMAN, HERRELL AND SKILLMAN
A Professional Corporation
